#### Lohana Matchmaker Website Relunched

The [Lohanamatchmaker.com](http://Lohanamatchmaker.com) web site has been re-launched. The site has a new look and feel with new and enhanced functionality to improve user experience. The site allows you to set your parameters for potential partner searches, and mirrors the style of match making that is a part of our culture, making the experience familiar and comfortable, and in turn the search for your perfect partner all the more effective.

The site is fully managed by the LCUK, assuring the safety of your personal details. This is especially important to take into account if you are concerned about introducing a female relative/friend to this site.

The site is operating on a non- profitmaking basis, to provide a well needed service for the Lohana community. The site has been developed in the UK by Aricer Limited, on the latest secure, technological platform.

Soon we will be advertising the site on the Asian Network, and we will organise matchmaking events of many kinds all helping towards that one goal - to ensure Lohana matchmaking works.

The site has been proudly supported by the **Dhamecha Group**.

To experience it, the eligible lohana should just log on to [www.lohanamatchmaker.com](http://www.lohanamatchmaker.com) and make it happen.

I thank the president Pannaben Raja and the committee in the help and support on this project.

**Mahesh Saujani**  
**Convenor of the Matrimonial Sub-Committee of the LCUK.**
